

ICI 2018 Program

**The program is preliminary and subject to changes*

Monday, December 3, 2018

08:30-10:00	Imaging, Physiology and Beyond	TAVR - New Devices	Stroke Session I Unmet Needs in the Early Detection of Large Vessel Stroke	ACS and Antithrombotic Therapy	Pulmonary Embolism, Hypertension & Beyond	The Renocardial System in Diabetes	Technology Parade
10:00-10:30	Coffee Break And Exhibition Visit						
10:30-12:30	Plenary Session Live Case Transmission from Hadassah Medical Center						
12:30-14:00	Lunch Break & Exhibition Visit						
12:40-13:40	LUNCH SESSION - Sponsored by Phillips / Volcano Evolution of Coronary Artery Disease Beyond Angiography		Lunch Session Sponsored by Medtronic		Lunch Session Sponsored by Sanford T. Colb & Co		
12:50-13:50	Technology Parade				Oral Presentations		
14:00-15:30	Controversies in Antithrombotic Therapies in Cardiovascular Medicine: what are the Unresolved Issues?	Interventional Cardiology: Live from the Catheterization Laboratory	Stroke Session II Unresolved Issues between the Heart and the Brain - Different Perspectives, Same Goals	Israel-China Wall to Wall Medicine's Way to Innovation	Pulmonary Hypertension: Novel Devices and Therapies	Mitral Disease - A Challenge to Innovators	Brain: Interventions and Protection
15:30-16:00	Coffee Break & Exhibition Visit 休息						
16:00-17:30	Structural Heart Disease	Present and Future in TAVR	Stroke Session III Unmet Needs in Carotid Procedures for Stroke Prevention + Carotid & Lower Extremity	Israel-China Wall to Wall	Bioresorbable Scaffolds	The Tricuspid Valve - New Challenges	ICI Innovation Award Competition
17:30-18:00	TECHNOLOGY PARADE COCKTAIL						
18:00-19:30	Stents - Coating, Eluting and Beyond	My Crazy TAVR Case	Stroke Session IV Unmet Needs in Cardio-embolic Stroke	Present and Future in the Cath Lab		Advanced Coronary Interventions - Left Main and Beyond	

Tuesday, December 4, 2018

	Breakfast						
08:30-10:00	Vascular Interventions - Thoracic Aorta & Beyond	Renal Denervation and Beyond	TAVR-in-TAVR - Pacing & Beyond	Strategies for Complex PCI: A Joint SCAI/ICI Symposium	Devices in the Management of Heart Failure	Stable and Unstable Coronary Syndrome	Device Innovation
10:00-10:30	Coffee Break And Exhibition Visit						
10:30-12:30	Plenary Session						
12:30-14:00	Lunch Break & Exhibition Visit						
12:40-13:40	LUNCH SESSION - Sponsored by Novo Nordisk		LUNCH SESSION- Sponsored by Medtronic		LUNCH SESSION - Sponsored by Edwards Lifesciences Minimally-invasive Treatment Modalities for Heart Valve Diseases: what is Next?		
12:50-13:50	Funding and Regulation in a Changing Market				Oral Presentation		
14:00-15:30	The Triangle of Innovation: Academy - Hospital - Industry	Atrial Fibrillation: from A to Z	Patient Tailored Medicine	Advanced Coronary Interventions - CTO and Bifurcation	Achievements and Unfulfilled Needs in Device Management of Heart Failure	Updates on Mitral Interventions	Radiation Exposure in Electrophysiology and Coronary Intervention: a Critical Appraisal The Session is in Memory of Dr. Ehud Grenadier
15:30-16:00	Coffee Break & Exhibition Visit						
16:00-17:30	DES, BRS & DCB - New Insights		TAVR - New Technologies & Beyond		Advanced Coronary Interventions - Challenging Teaching Cases		Developing Technologies in Heart Failure Diagnosis and Management
