ICI meeting 2019

December 8-10, 2019 | Tel-Aviv, Israel

Dear Colleagues,

We are delighted to invite you to join us at the premier international scientific meeting **devoted to Innovation in the cardiovascular arena - The ICI Meeting**, which will be held this year on 8-10 December 2019 in Tel-Aviv, Israel. ICI has been hailed by many of the world leaders in the cardiovascular field as probably the leading event in this field, bringing together over than 2000 physicians, scientists, entrepreneurs, technology experts, academics, venture capitalists and medical industry representatives for important dialogues to build bridges for the better future of cardiovascular medicine.

The ICI meeting is preceded by the ICI Academy of Innovation Day – a full-day pre-conference educational workshop satellite, which trains participants in the entire medical innovation process. We then continue to a 2-day conference focusing on advanced technologies to save hearts and lives. We challenge the horizons in coronary interventions, vascular interventions, transcatheter valvular therapies, stroke prevention/intervention, electrophysiology, cell therapy and heart failure. The popular “Technology Parade” offers biomedical technology start-ups from around the world the opportunity to present their latest developments. The unique “Wall-to-Wall – East Meets West” sessions concentrate on China-Israeli cooperation in the field.

We look forward to having you join us for this exciting event!
